## Membership

Club membership and activities are open to all adults. Membership shall be based on character and interest in conservation and shooting sports, not such things as ethnic background, age, orientation or disabilities. Divisiveness will not be tolerated.

Prior to being accepted for membership in the club, all prospective members will review the club rules, policies and procedures in person, at the club with a club official designated by the Board of Directors. When the club official is confident the prospective member understands and intends to obey the rules, the club official will forward the prospective member's application for membership to the Board of Directors for review.

## General Outdoor Range, Indoor Range and Shotgun Ranges

Members are permitted to use the General Outdoor Range, the Indoor Ranges and may use their own hand and portable trap equipment on the Shotgun Ranges on an 'at will' or informal basis.

## Restricted Range, the 600-Yard Range and the Club Shotgun Equipment

Members wishing to use the Restricted Outdoor Range, the 600 Yard Range or the club Shotgun Equipment on an 'at will' basis must receive additional training and receive an endorsement on their membership card before such use is permitted. The endorsement training times are scheduled on the calendar and are open to all members.

## Supervised Activities

Supervised shooting activities may be scheduled on any club range and are open to anyone, including the general public, with the proper equipment for a particular activity. An endorsement is not required to participate in supervised activities. An activity or entry fee is generally charged for supervised activities.

## Guest Privileges

1. Members may bring non-member guests to the club. Spouses, dependants, other juniors and any other non-members are considered guests.
2. A members spouse and ALL juniors under 18 years old may use the club facilities for no additional fee. They are required to fill out and deposit the hold harmless/day membership agreement in the range fee box prior to engaging in any activity at the club.
3. All other guests are required to fill out the hold harmless/day membership agreement and deposit it with the \$5 fee into the range fee box prior to engaging in any activity at the club. (Or sign a group-activity sign-up sheet and pay the \$5 fee to the activity supervisor).
4. A member's guest must shoot under the direct supervision of the member. Members may bring more than one guest at a time, but ONLY ONE guest may handle a loaded firearm at any one time. The member is responsible for everyone they bring to the club and the collection of all range fees.
5. Members should encourage their guests to join the club. Members should limit the number of times they bring a particular adult guest to the club. Our club depends partly on membership dues. Guests are a privilege.
6. Unless a person is the guest of a member or is participating in a supervised activity, they may not engage in any shooting activities on club property.
